

Gas Heating Cover
from Lamberts of Hook

Small cost

very big
peace of mind

Lamberts of Hook Ltd

PLUMBING & HEATING CONTRACTORS

Let us look after your gas heating

Your gas heating has broken down, suddenly there's no hot water or heating and it's cold outside. Worry notLamberts of Hook Ltd can take care of everything.

Complete peace of mind

With our Gas Heating Cover when your central heating breaks down all you need to do is make one phone call to us: we'll repair it with the minimum of delay. . and fuss. For a small cost per month you get complete peace of mind and you will be covered 24 hours a day, 365 days a year. We'll take care of your entire system, including radiators and valves, and we'll even carry out an annual inspection of your boiler to make sure it's running smoothly and safely.

In an emergency one of our fully qualified CORGI registered engineers will get to you as soon as possible; in almost all circumstances this means the same day.

Excellent value

Lamberts Gas Heating Cover costs just £13.95 a month.

- There's no limit to the number of times you can call us out.
- We'll pay for repairs up to the value of £1,600, or up to £220 towards the cost of a new boiler if yours is beyond economic repair.
- You get great service from a family run company that has been established for over 30 years.

There are no hidden charges, no catches and no unexpected bills.

When your heating breaks down, we'll fix it.
It's that simple.

Gas Heating Cover – Terms and Conditions

What is covered?

The cost of repair following mechanical or electrical breakdown of insured parts:

1. Any boiler component(s) as supplied by the boiler manufacturer and fitted within the boiler casing that are designed to be used in the normal operation of the boiler.
2. Motorised/selector valves, room thermostat, time control, water circulating pump (which must be able to be isolated without draining the system down).
3. Radiators (against leaks and corrosion). Above ground internal pipework (as long as it is easily accessible and not inside the fabric of the building). Radiator valves. Hot water cylinder (to a maximum capacity of 40 gallons and excluding the insulation jacket and immersion heater). Expansion tank.
4. Labour charges directly connected with the repair or replacement of the failed parts of the central heating installation at your private address as stated in the Schedule.
5. The cost of an annual safety inspection (and service if required due to the condition of the boiler) carried out by our authorised service agent between Monday – Friday 9.00 am – 5.00 pm for which you will be notified in advance to book an appointment. We provide a 24-hour breakdown call-out service. In case of emergency we will be with you in most cases within 3 hours (subject to conditions prevailing).

What we will pay

If your equipment breaks down, we will pay for the cost of repairs up to £1,600 in any one period of cover, regardless of the number of calls, including parts, labour and VAT.

Boiler replacement

Where your boiler is uneconomical to repair, we will pay a contribution towards the cost of a new boiler, in line with the following:

Conventional Boilers:	1 – 5 years	- £220 inc VAT
	6 – 15 years	- £120 inc VAT
Combination/Condensing:	1 – 5 years	- £220 inc VAT
	6 – 15 years	- £120 inc VAT

What is not covered by your policy?

1. Accidental damage, malicious damage or damage caused by fire or explosion.
2. Claims arising from floods, lightning, storms, frost or other bad weather conditions.
3. Costs if no fault is found with the insured equipment.
4. Turning on or lighting up the equipment and adjusting the switches and controls.
5. Clearing airlocks and partially or fully blocked pipes, balancing and venting radiators or work caused by equipment which is not installed correctly.
6. Fuel lines to the boiler and the flue systems from the boiler.
7. Cosmetic damage such as damage to paintwork or dents or scratches on the equipment.
8. Costs arising from difficulties in getting to the equipment. This includes pipework under the floorboards or pipework contained in the fabric of the building.
9. Hot water cylinders that hold more than 40 gallons/182 litres.
11. Boilers which exceed 137000 40KW output.
12. Claims arising from any problem with the mains supply of electricity, gas or water.
13. If your boiler fails the Initial Inspection and you do not wish to have the work completed or continue with the policy, all you will have to pay is £51.00 inc. VAT covering the inspection and our administration. You have the right to cancel the policy within 14 days of receiving the Policy Schedule at no cost providing the Initial Inspection has not been completed.
